

5000837 | Electric tacker

The BN64 delivers powerful, mobile, wireless performance for professionals seeking superior finishing nailer. Processes 16 Go nails to 64 mm, ideal for afwerkzaamheden, baseboards, cabinets, boxes, frames, furniture, paneling and battens. Powered by a 18V Li-ion battery pack, the BN64 makes it possible to avoid complicated gas-driven solutions (noisy, expensive, uncomfortable and time-consuming operation maintenance and cleaning). Provides optimal freedom of movement and better access thanks to a 20 ° angled magazine. Other features include fly-wheel drive for a high power and reliability, and two-step sequential trigger for safety. The direct reaction of tractor allows for efficiency and reduces working time. Ideal for demanding jobs and harsh environments where performance and reliability are crucial.
