

5001126 | Rivetor

Enjoy the efficiency of one-tool riveting. Thanks to its unique Multi-Nozzle, the RP60 MULTI Hand Riveter can be operated without nozzle changes. It is also equipped with a 360° pivoting head that improves access to tight working spaces. These features deliver fewer interruptions and optimal results when working with any kind of sheet metal job. The RP60 MULTI features a smart measuring control system that measures rivet dimensions and material thickness. Now you can be sure the right rivet is used in the right hole. Other features include a soft grip handle for maximum comfort, hardened metal parts for longer product life and a stylish matt black finish.
